VISIT ALASKA'S NATIONAL PARKS

The magnitude of Alaska's national parks is unparalleled. Of the United States' 10 largest national parks, no fewer than 7 can be found in the nation's largest state. Below are 4 spectacular parks you can witness for yourself when you embark on an unforgettable Holland America Line Alaska journey.

☞ DENALI NATIONAL PARK & PRESERVE The United States' third-largest national park and considered by many to be Alaska's most iconic, Denali's sprawling 6 million acres are home to diverse wildlife, imposing landscapes, and North America's highest mountain peak, Mount Denali.

☞ GLACIER BAY NATIONAL PARK & PRESERVE Part of the larger Kluane / Wrangell-St. Elias / Glacier Bay / Tatshenshini-Aleek UNESCO World Heritage site and one of the world's largest internationally protected biosphere reserves, 3.3 million-acre Glacier Bay is best experienced by sea.

☞ KENAI FJORDS NATIONAL PARK Located on the outskirts of Seward, Kenai Fjords National Park boasts lush waterfalls and nearly 40 glaciers cascading from its signature Harding Icefield. The park's diverse ecosystem makes it a haven for many of Alaska's most beloved wildlife species.

☞ WRANGELL-ST. ELIAS NATIONAL PARK At a staggering 13.2 million acres, Wrangell-St. Elias National Park has more than earned its nickname, "the Mountain Kingdom of North America." Home to Hubbard Glacier, it's also the largest national park in the United States.
