LUXURY EXPEDITION CRUISES

2024-2025

Welcome to our most exciting cruising season yet.

This groundbreaking 2024–25 season marks the most exciting new chapter of our 33-year luxury expedition cruising history to date, with our first expedition to the North Pole seeking out the grail of Arctic exploration — 90° North.

On the inaugural departure of our **North Pole Expedition Cruise: The Ultimate Frontier**, we will sail aboard the innovative 'Le Commandant Charcot' with A&K's acclaimed Expedition Team leading the way to the northernmost point of our planet. For accomplished travellers who have seen and done it all, this ultimate expedition is sure to rekindle a passion for discovery.

We have also added **Cruising Greece, Turkey & Saudi Arabia** and **South Pacific Cruise: Papua New Guinea & Solomon Islands**, two new expeditions exploring a crossroads of ancient civilizations, as well as a paradise of pristine reefs and beaches secluded well off the beaten path. You will also recognize a host of returning favourites, including additional departures of our wildly popular Greek Isles and Japan cruises.

Whichever expedition you choose, we invite you to cruise with confidence knowing you are in the hands of the most passionate, accomplished team of explorers in the world.

Our voyages are unlike anything you have experienced before.

Nothing like a standard cruise and every bit a luxurious intimate adventure by sea, our Luxury Expedition Cruises feature all-inclusive voyages for no more than 199 guests on upscale small ships that we exclusively charter. For you, this means unique itineraries in under-the-radar destinations inaccessible to big ships, a private balcony with every beautiful stateroom and suite and an immersive experience, including A&K-curated excursions, led by an acclaimed Expedition Team.

In true A&K fashion, we've always done things differently.

Our Reputation for Innovative Exploration Precedes Us

From our first expedition to Antarctica in 1991, our mission has been to show you epic frontiers and unspoiled lands under the wing of the most accomplished experts. Today, more than 400 voyages later, we remain the longstanding leaders in luxury expedition cruising, now exploring all seven continents on voyages still defined by innovation, exploration and expertise.

The Very Best Experts Are Behind Every Moment

Well before you set foot on your ship, every aspect of your voyage has been designed by A&K expedition cruising experts, including our unique itineraries to rarely explored shores. Once your adventure begins, our famed Expedition Team of real-life explorers and award-winning experts join you every step of the way for an immersive experience featuring an endlessly fascinating enrichment program.

We Exclusively Charter Every Voyage By Design

We charter an ideal upscale small ship for every destination, and then limit the number of guests so that no voyage exceeds 80 percent of capacity — from 148 to 199 guests depending on the ship, and never more. This allows us to offer a private balcony with every stateroom and suite as well as an intimate personnel-to-guest ratio of 1 to 1.3, with no more than 10 guests aboard a Zodiac and 25 guests on any cultural shore excursion.

We set the standard for luxurious all-inclusive cruising.

From A&K-curated shore excursions to complimentary expedition gear and gratuities, we include everything so that you may enjoy every awe-inspiring moment.

Included on Every A&K Luxury Expedition Cruise:

- ▶ Airport meet-and-greet with transfers
- ▶ Private balcony with every stateroom and butler service with every suite
- ▶ Immersive enrichment program led by A&K experts both at sea and on land
- ▶ Choice of a variety of included, curated shore excursions led by A&K guides in cultural destinations
- ▶ Zodiac excursions led by naturalist driver-guides in wilderness destinations
- ▶ Complimentary polar gear for Arctic and Antarctic voyages (see page 9)
- ▶ Culinary program featuring international cuisine, house drinks and 24/7 room service
- ▶ Traveller's Valet® laundry service
- ▶ All staff and crew gratuities, port charges and taxes
- ▶ Complimentary Wi-Fi on board and in hotels
- ▶ Onboard service from an English-speaking staff, including a physician
- ▶ Digital commemorative trip log
- ▶ 24/7 A&K on-call support

Many of our voyages also feature pre- and/or post-cruise city stays in ideally located hotels and signature A&K guided tours. See itineraries for details.

Unmatched expertise is the beating heart behind every voyage we lead.

We hand-select the foremost experts in every field to lead our adventures at sea and every curated shore excursion, all to deliver an inspiring experience that goes right to your soul.

Our Expedition Team Is the Best, Bar None

Just ask any guest who has sailed on an A&K voyage and they'll concur: our legendary Expedition Team is truly exceptional. Hand-picked by A&K to oversee every detail of every voyage, this acclaimed team of approximately 20 accomplished adventurers joins an already robust ship staff and bring decades of passion and experience in everything from art history to marine biology to professional photography.

Real-Life Explorers to Guide Our Polar Adventures

A former British Royal Marine Commando and Polar Medal recipient, an Arctic-born culture expert raised in a traditional Inuit community, and numerous leading research scientists — these are just a few of the experts who travel alongside you on A&K's voyages to the Arctic and Antarctica.

Local Experts With an Extraordinary Perspective

A&K is proud to represent a deeply connected network of top-notch guides and staff, many of whom have spent decades, if not a lifetime, in the places we visit. Ranging from historians and anthropologists to active researchers, professors and writers, these local luminaries offer an authentic, multi-dimensional perspective that is certain to broaden yours.

"The best thing about the A&K team is how natural teaching comes to us. We all love it. It is incredibly gratifying to be able to combine everything we love into one job and then pass that passion on to our guests."

Unique all-inclusive adventures reveal the spirit of exploration at every shore.

Whether in the Arctic or a European city, look forward to immersive, expert-led adventures; shore excursions curated in signature A&K style; and no two voyages that are ever the same.

A Choice of Curated Cultural Experiences by Land

In culture-rich cities and ports, step off your ship and into the world of signature guided experiences for which A&K is known. Choose from included daily half- and full-day shore excursions representing a variety of interests, and always joined by an expert local A&K guide and your Expedition Team. Imagine sitting down to your own private geisha performance in Kanazawa, gaining special access to the collections of the Grand Egyptian Museum and visiting a beachfront village on a remote Papua New Guinea island seldom seen by Western eyes. On full-day excursions, a delectable local meal is also included to complete an authentic experience ashore.

Thrilling Active Adventures in Wild Places

The active adventures we design speak meaningfully to the places we visit. When exploring the remote Arctic sea ice and the vast Indian Ocean, join us for thrilling Zodiac excursions piloted by A&K naturalists, perhaps alongside fluking whale or turtle and ray. In these same destinations, you may also choose from kayaking open Arctic ice leads or walks on snowy beaches with penguin. In warmer hemispheres, such as on our new voyage to the South Pacific, we welcome you to snorkel and swim for a most vibrant look around.

“We were in awe of the knowledge shared and approachability of the Expedition Team. Without a doubt the most amazing trip of my life!!! My first with A&K and definitely not the last!”

— Kristen, December 2021

Our expeditions are designed for a sustainable future.

From the very beginning, we pioneered an approach to travel that helped preserve the communities and unspoiled locales we visited. Today, it remains our mission to actively protect and care for every environment we touch.

We Sail on Sustainable Small Ships Utilising Innovative Technology

Each vessel we charter features energy-efficient engines, reduced fuel consumption using only environmentally compliant fuel types, and computerized dynamic positioning systems that minimise the need to anchor in fragile marine reserves. All carbon emissions from our cruises are 100 percent offset, and an Environmental Officer oversees each voyage to make sure all environmental protocols are observed to the letter.

We Practice Conservation and Minimise Waste

On A&K Luxury Expedition Cruises, we provide a complimentary reusable water bottle for every guest and significantly reduce other single-use plastics (such as straws, water bottles, laundry bags, cups and food portion containers). More than half of all packaging is recycled on board while the rest is fully tracked, ensuring nothing ends up in the water or on land. Onboard wastewater is treated without chlorination or other chemical processes, and supply chains for food and provisions are deliberately kept short, further reducing the overall environmental impact of your voyage.

Our Chartered Ships Are Certified Sustainable

All of our chartered vessels have been awarded the CLEANSHIP or CLEANSHIP SUPER label by Bureau Veritas, certifying their ecologically responsible operations and allowing you to explore with peace of mind.

“There is a spirit to travel, especially in pristine natural environments, that triggers reflection on balance: How to find it between exploring and sustaining, between providing access and safeguarding the same opportunities for future generations. A&K embraces our role as stewards of this experience and proactively partners with our ship owner to support this underlying tenet of conservation.”

— Keith Sproule, Executive Director, Abercrombie & Kent Philanthropy

We're Proactive Leaders and Partners in Protecting Fragile Environments

The polar ships we charter exceed every environmental protocol, including those set by the International Association of Antarctica Tour Operators (IAATO) and the Antarctic Treaty, Association of Arctic Expedition Cruise Operators (AECO), National Science Foundation and Environmental Protection Agency. A&K has been a full operating member of IAATO since 1992 and AECO since 2012, and has served on the executive committees for both.

The International Association of Antarctica Tour Operators

IAATO has established best practices to ensure that ship-based tourism has minimal impact on the Antarctic environment. A&K has been an active IAATO member for numerous years, with our Expedition Team remaining a steadfast advocate for the preservation of Antarctica's delicate ecosystems.

The Association of Arctic Expedition Cruise Operators

Like IAATO, AECO is dedicated to managing safe, responsible and environmentally friendly travel in the Arctic. A&K is also an active member of AECO, whose core mission is preserving and protecting the endangered wildlife, delicate landscapes and remote villages of Svalbard, Jan Mayen, Greenland, Arctic Canada and Iceland.

A&K Philanthropy partners with local communities to empower lasting change.

Building on a Legacy of Partnership

Established in 1982, Abercrombie & Kent Philanthropy (AKP) is dedicated to giving back to the vibrant environments and communities we are so privileged to explore. As part of our ongoing mission, AKP partners with local communities to improve education, conservation, health care and enterprise with nearly 55 projects spanning seven continents — a philanthropic commitment unequalled in the travel industry.

Experience AKP Projects on Our Luxury Expedition Cruises

Committed to serving as stewards for the world's wildest places, AKP is proud to support numerous projects around the world, some of which you may experience on an A&K Luxury Expedition Cruise.

Antarctica Climate Change Project

AKP supports the pioneering research of Dr. James McClintock on the effects of climate change on the marine life of the Southern Ocean by contributing to the purchase of essential supplies and equipment, which are delivered during a special presentation on A&K's Luxury Expedition Cruise.

Experience on *Antarctic Cruise Adventure* voyage

Husavik Whale Museum

In 2016, AKP and A&K guests supported the construction of a new wing of the Husavik Whale Museum to house the skeleton of a blue whale. AKP continues to support ongoing maintenance and enhancements to the display to foster a deeper understanding of the world's largest mammal.

Experience on *Arctic Cruise Adventure: In Search of the Polar Bear* voyage

“In Antarctica, you do not have to be a scientist to see that climate change is happening. The glaciers on the peninsula are under rapid recession, and nearly 80 percent of the breeding pairs of Adélie penguins have disappeared. The most important role I have with A&K is to demonstrate these changes in real time, which often has guests leaving as advocates for preserving this delicate ecosystem.”

— Dr. James McClintock, A&K Climate Ecology Lecturer

With nearly 55 projects worldwide, these are just a few of the AKP visits you can experience firsthand.

SEP25: Split, Croatia | Imperial Splendour

Come ashore to visit the vibrant Dalmatian enclave of Split. Originally founded as a Greek colony, Split also bears traces of its Roman occupation — most notably, the former palace of Roman emperor Diocletian. After a captivating tour of Split's Old Town featuring the remarkably preserved palace ruins, you might also opt to explore Trogir, a charming town with a majestic 15th-century castle and a rich history stretching back to the third century BC. Alternately, foodies might combine the Split excursion with a market visit and tasting of local favourites along the way. Afterward, return to the ship with time to change for your festive Captain's welcome dinner. **Meals: BLD**

SEP26: Dubrovnik | Magnificent Medieval City

Your luxury ship arrives in Croatia for a day in Dubrovnik, rightly lauded as one of the jewels of the Mediterranean. Its medieval buildings and imposing defensive walls rank it among Europe's most iconic cities, and *Game of Thrones* fans will enjoy the added thrill of recognizing the real-life locations of many King's Landing landmarks. With so much to see and experience, there are a variety of options for spending your day here. You might begin with a guided walk through the town's medieval monuments, such as the Dominican Monastery and Cathedral, the Sponza Palace,

the Rector's Palace and Onofriou's Fountain. Likewise, you might opt for a full-day excursion combining a Dubrovnik tour with a journey into the countryside, complete with a winery visit and lunch at a local farm. Foodies might prefer an exploration of the region's lauded delicacies, including mussels, oysters and olive oil, on a culinary excursion to the village of Orasac and the city of Ston. Meanwhile, active enthusiasts might choose a kayaking tour of Dubrovnik's city walls, including a visit to Lokrum Island to swim and explore, or a bike excursion through the Konavle Valley with a stop at a local vineyard. **Meals: BLD**

SEP27: Kotor, Montenegro | Dalmatian Gems

Cruise to Kotor, a historic port town secluded on a picturesque Dalmatian bay. Flanked by fjords and mountainous ridges, Kotor enjoys a rich medieval maritime and trade legacy survived by its remarkably preserved houses, palaces and churches. Today, you might explore local sites including Roman buildings, a 17th-century palace housing a maritime museum, and a cathedral dating to 1166. Additionally, you might opt for a boat excursion to the Baroque jewel of Perast; a speedboat tour of Kotor Bay and the sapphire-like Blue Cave; or a cruise Our Lady of the Rock Church, home to artworks by local master Tripo Kokolja, including his 33-foot masterwork, *Death of the Virgin*. **Meals: BLD**

SEP28: Corfu, Greece | Greece's Emerald Island

Even among the beautiful and scenic Greek isles, Corfu stands out for its lush greenery as well as its charmingly winding streets and whitewashed houses. Head ashore to explore prominent sites such as the Esplanade, the Town

Unearth the secrets of Delphi's Temple of Apollo

Hall and the Church of Saint Spyridon. Another option may be a visit to the Achilleion Palace, the former residence of Empress Sissi, wife of Kaiser Wilhelm II, followed by a short walking tour of the town. Culinary excursions might include a winery visit or samplings of delicacies at various shops and restaurants in town. Alternatively, active guests might choose an off-road mountain bike adventure to a secluded village, complete with a stop in a local taverna. **Meals: BLD**

SEP 29: **Cephalonia** | Nature's Paradise

Like Corfu, Cephalonia is an island known for its green landscapes, scenic mountains and crystalline blue waters. Today, you might visit the monastery of St. Gerasimos and see the two-room cave where the medieval monk lived, continuing on to tour the picturesque villages of Sami and Assos, or to explore an underground lake at Melissani. Alternatively, active adventurers might set out on a sea kayak excursion along the rugged coastline, perhaps stopping for a swim at Emplisi Beach or embarking on a hike across the island, taking in a local village along the way. **Meals: BLD**

SEP 30: **Itea** | Corinth Canal

Set in the arms of the Corinthian Gulf, Itea lies surrounded by olive groves and the scenic mountains of Giona and Parnassus. It's also the gateway to mystical Delphi, revered by ancient Greeks as the centre of the world. Today, you might choose to explore Delphi's Temple of Apollo and Treasury of Athens. Alternatively, you might take a scenic drive to the monastery at Ossios Loukas, past the scenic valleys of Delphi and on to the historic boatbuilding enclave of Galaxidi. Or, you might opt to learn about Itea's ancient beekeeping heritage at a local apiary. Back aboard your luxury vessel, transit the Corinth Canal, a narrow waterway that has joined the Ionian and Aegean seas for over a century. Tonight, gather for a farewell gala dinner and cocktails under the stars. **Meals: BLD**
